GENERAL NOTES:

1. PLS Surveys Inc., an Oakland-based surveying company, surveyed the trees within the Oakland Zoo's California Exhibit and Veterinary Medical Hospital Master Plan area on several occasions in 2009 and 2010. Provided with a plan of the Zoo's project, PLS Surveys tagged those trees projected for removal and within 10-feet of construction. Some trees already included a unique identifying tag resulting from prior surveys while other trees required new tags and number systems. The latest tree surveys were then reviewed by Seattle-based PJA Architects, the Oakland Zoo's principal architect for the Master Plan. PJA Architects compared and verified the PLS Surveys tree survey against the latest planned project to determine potential impact to trees.
